ANGOLA WELCOMES YOU

Welcome to the City of Angola, the gateway to the northeast corner of Indiana. We are a destination community for visitors, businesses and industries and the county seat of Steuben County. Angola is surrounded by 101 lakes, Pokagon State Park, Trine University, Cameron Memorial Community Hospital as well as our nationally recognized K-12 Metropolitan School District of Steuben County and our hardworking, educated workforce.

This year we are excited about our new Angola Innovation Park at I-69 and US Hwy 20. This park will create new opportunities for industries, hotels and restaurants to locate to and serve our community. We are a growing and dynamic community that is constantly looking at ways to increase our resident's quality of life opportunities.

If you are looking to retire on a beautiful lake, or you want a great place to vacation, maybe looking for the right place to raise a family, get a job or start a business, Angola, Indiana is the place you want to be. That's why our community is known for "Proudly working together to make visions a reality."

LAKES COUNTRY

With more than 101 natural lakes and the state's most beautiful park, Pokagon State Park, Steuben County is a recreational wonderland. Whether you're here for a day or an extended visit, this guide can provide you with the information you need to plan your stay.

The Steuben County Tourism Bureau, located at 430 N. Wayne Street, Suite 1B, Angola, has comprehensive listings, brochures and helpful advice Monday through Friday from 8:30 a.m. to 4:30 p.m.

FARMER'S MARKETS

A variety of fresh fruits and vegetables plus local honey, hanging baskets, fresh-cut melons and fresh baked goods can be found at the farmer's markets in the county.

The Steuben County Farmer's Market is open Saturday from 8 a.m. to noon, May through October, at the Steuben County Community Center, 317 S. Wayne St., Angola. A market is open Wednesday from 8 a.m. to noon, July through October, at 206 N. Wayne St., Angola.

In Fremont, fresh produce and locally grown plants are available at the Fremont Rocket Ship Park Saturday from 8 a.m. to noon between May and October 14. A Hamilton market is open Saturday mornings between July and September.

Boat rentals, licenses, and balt are available at the Trine Welcome Center. Only property-owned boats are allowed, which helps regulate traffic density on the water and prevents the unintentional introduction of exotic plants and animals. Paddleboats, kayaks and fishing boats with electric motors can be rented at the property. Fishing is allowed from rental boats and from a public fishing pier with permit.

The original Wing Haven resort on the property from the early 1940's to early 1970's has been remodeled and updated. The resort's dining lodge is now the Swenson Lodge, a meeting and conference center available for rent. Twelve cabin units with accommodations ranging from two to six persons and the Wild Turkey picnic shelter accommodating 160 people are also available.

The wooded grounds, scattered wetlands and open meadows offer excellent hiking and nature study opportunities. The 2.5-mile Rolling Oaks multi-use trail is open for hikers and bikers. When there is enough snow, tubing and sledding are available.

> Trine SRA property and Welcome Center hours vary seasonally. For more information, call Pokagon State Park at (260) 833-2012,

Pokagon State Park

A variety of recreational opportunities awaits you at Pokagon State Park, Indiana's most beautiful state park. Located on State Road 127, just off Old 27, Interstate 69 Exit 354 and near Interstate 80/90 (the Indiana Toll Road), the park draws more than 750,000 people annually. Its 1,260 acres of picnic and hiking areas, camping facilities and the highly acclaimed Potawatomi Inn promise fun in Steuben County.

An annual entrance permit, good at any Indiana Department of Natural Resources property, is \$50 for Hoosiers and \$70 for non-residents. A Golden Hoosier passport for Indiana residents 65 and older is \$25.

The entrance fee into the park is \$7 for Indiana residents and \$9 for out-of-state vehicles. The fee is \$2 per person on a bus, bicycle, walk-in entry or commercial van.

Pokagon is open 7 a.m. to 11 p.m. daily throughout the year.

Interpretive nature programs are available on weekends, fall to spring and daily during the summer. The schedule may be viewed at www.dnr.in.gov. Follow the links. For more information, call the park office at (260) 833-2012.

Pokagon State Park

Refrigerated Toboggan

Traveling at speeds of 40 miles per hour, the refrigerated toboggan takes about 40 seconds to reach the end of the track. The slide is closed on Thanksgiving and opens from 10:30 a.m. to 9 p.m. the day after Thanksgiving. It's open 11 a.m. to 5 p.m. on Christmas Eve and closed Christmas.

The slide has come a long way since the days when there was nothing but a large hill for people to use. As time passed, a platform was built, and then replaced by the raised tower of today. In the early 1970s, the slide was refrigerated, making snow and cold weather unnecessary.

Riders can enjoy coffee, soup and sandwiches and a warm fire at the warming center next to the toboggan run. It's open when the toboggan's operating.

Slide hours are Friday 5:30 to 9 p.m.; Saturday 10:30 a.m. to 9 p.m.; and Sunday 11 a.m. to 5 p.m. During Christmas break, the slide is open during the week extended hours. Call the park office at (260) 833-2012 or visit www.tobogganrun.com for more information.

Park personnel may close the slide when temperatures fall to zero or below.

Sleds are \$13 per hour including tax and hold up to four people. Prices subject to change. A driver's license is required as a deposit for every four toboggan rentals. You must rent a park sled. On Friday evenings, Pokagon offers a "Friday Night Flight Special" - rent two toboggans and get the third free, except during Christmas break.

Cross Country Skiing

At Pokagon, you don't have to worry about bringing your own equipment. Visitors may rent equipment at the Civilian Conservation Corps shelter located by the north beach parking lot. The rental is open when the snow conditions are favorable from 9 a.m. to 5 p.m. Saturday and Sunday only and during Christmas break. Ski rental is \$8 per hour per set for adults and \$5 per hour per set for youth 15 and under including tax. A driver's license is required as a deposit. If you have your own skis, you may ski anytime.

Park trails have variable skill levels so even the beginner can feel at ease while learning the sport. Cross-country skiers are encouraged to take a few practice loops in front of the CCC shelter before setting out on the three main, groomed trails.

The beginner (novice) trail is the easy to moderate trail, scattered with slopes and gentle curves. It provides a variety of terrain and runs through the woods and past the nature center where skiers can grab a drink and short rest before returning to the shelter. The moderate trail heads north over wooded hills, back along wetlands and past the historic Spring Shelter. It then enters the hushed cover of an old pine forest and back into the campgrounds toward the shelter, following the sweeping landscape of open woods and winter-quiet campsites. For the adventurous skier, we have a third trail. The advanced-rugged loop departs from the far side of the moderate trail and heads out to the rolling Bluebird Hills of trails 7 and 8 before returning to the moderate trail.

All skiers must be off the trails 30 minutes before sunset. All persons under 16 must be accompanied by an adult who is skiing, when renting equipment. Skiers with rented equipment must stay on the marked, groomed trails designed for them.

For more information or to check snow conditions, call (260) 833-2012. The office is open daily 8:30 a.m. to 4 p.m.

Pokagon Bird Watching

By Pokagon Nature Center Staff

Whether it's a majestic bald eagle soaring over a lake or a tiny sparrow perched on a branch, birds are beloved animals that come in all shapes and sizes. Just as the birds around us are unique, so are the people who enjoy birdwatching as a pastime. For birders of all ages and experiences, the landscapes of Pokagon State Park are an ideal place for spotting Indiana's winged wildlife.

Between Pokagon State Park and nearby Trine State Recreation Area, visitors can explore 1,460 acres of woodland, prairie, wetlands and lakeshore. These different landscapes—shaped by receding glaciers more than 10,000 years ago—provide diverse habitats for many resident and migrating birds.

Along Trail 3, visitors can walk a boardwalk on the Lake Lonidaw fen wetland and view the striking plumage of a male wood duck or a red-tailed hawk perched atop a tamarack tree. Continue on the trail and hike to the highest peak in the park, Hell's Point, where a viewing platform allows hikers to see the tree tops of the hardwood forest.

On Trail 7, look for Bluebird Hill where an Eastern bluebird is likely to be looking for a nesting spot in spring or an American goldfinch can be collecting thistle seeds in the fall. This trail encircles a wetland where it's not uncommon to see geese, ducks, and shorebirds on a peaceful summer morning.

Just a few minutes from Pokagon State Park is Trine State Recreation Area—a quiet and tranquil property along Gentian Lake. Here, birders can listen for the rattling call of a Sandhill Crane or the drumming of one of seven native woodpeckers. Flocks of turkeys have been known to roost in the woodlands and osprey can be seen catching fish.

For those looking for a guided hike, the Pokagon State Park Interpretive Naturalists lead a Sunday morning bird hike. This tradition is intended for visitors of all experience levels. It is a great way to learn to identify birds, meet fellow nature-lovers and enjoy the sights and sounds of the outdoors. Approximately 90 minutes, the hike leads visitors through a variety of habitats and offers birders a chance to explore local plants and other wildlife. Regular attendees also get a chance to watch the park change through the seasons and see different bird species depending on the time of year.

Another popular place for birdwatching is inside the Pokagon State Park Nature Center. The Woodland Window is a 20-foot long window overlooking numerous bird feeding stations with many different types of food to attract an array of wildlife. The sounds of the birds are even brought indoors with the use of a microphone placed outside. In winter, the stunning Pileated Woodpecker makes a regular stop at the suet feeder while colorful Baltimore Orioles visit in the early summer. Aside from birds, many squirrels and chipmunks can be seen taking advantage of the bird buffet.

Pokagon State Park is proud to host the Indiana Audubon annual Fall Festival Oct. 19-21, 2018. Activities at this festival include hikes, talks and a keynote dinner. For more information on the IAS Fall Festival, visit www.indianaaudubon.org. If you would like more information on upcoming interpretive Programs available at Pokagon State Park, including the Sunday morning bird hikes, visit www.calendar.dnr.in.gov.

Get Hooked on Fishing

Steuben County, with 101 natural lakes, has numerous places to fish. Here's a look at just a few of the species available throughout our area.

Largemouth bass

Hamilton Lake, the Lake James chain, Lake George and the Pigeon River chain of lakes are hard to beat. Lake George is divided by the Michigan/Indiana state line at the public boat ramp. Lake George is one of five border lakes included in a reciprocal fishing privileges agreement between Indiana and Michigan. The agreement provides licensed resident anglers of either state, as well as minor resident children, may fish in any part of the five lakes with a valid resident license. However, you must follow the regulations of the state having jurisdiction over that portion of the waters in which fishing is done.

Smallmouth bass

Clear Lake, Lake James and Lake Gage are good choices. Generally the best fishing for smallmouth bass is in May during the pre through post spawning period. In these clear water lakes, don't hesitate to fish in depths of 10 feet or more.

Northern Pike

Hamilton, the Lake James chain and Clear Lake provide good pike fishing. Hamilton is known for numbers of pike while Clear produces fewer but larger fish. Clear Lake holds the current state record pike at 30 lbs. 2 oz. While trolling produces its share of fish, it's hard to beat fishing a live sucker along the deep side of the weed beds.

Walleye

Clear and Crooked lakes both provide good walleye fishing. However, Clear Lake is tougher to figure out. If time is short, try Crooked. Most weed beds in 10 or so feet of water hold walleye. Various crank baits, jigs tipped with a minnow or a half of a night crawler or a crawler fished below a slip sinker all produce fish.

Bluegill

There are simply too many choices for this popular flsh.

The Lake James chain is high on the list. Fox Lake and the Pigeon Creek chain of lakes are also good choices. If you are after size over numbers, give Clear Lake a try. If you want to get away from the boat traffic, give Marsh Lake west of Fremont and Fish Lake north of Fremont a shot.

Redear

Lake George, Snow Lake and Fox Lake are hard to beat.

Crappie

Hamilton would top the northeast Indiana list. In the natural lakes crappies are cyclic by nature. One or two large year classes can carry the fishery for several years. However, the fishery can nearly disappear as the population drops out at the bottom of the cycle.

Yellow Perch

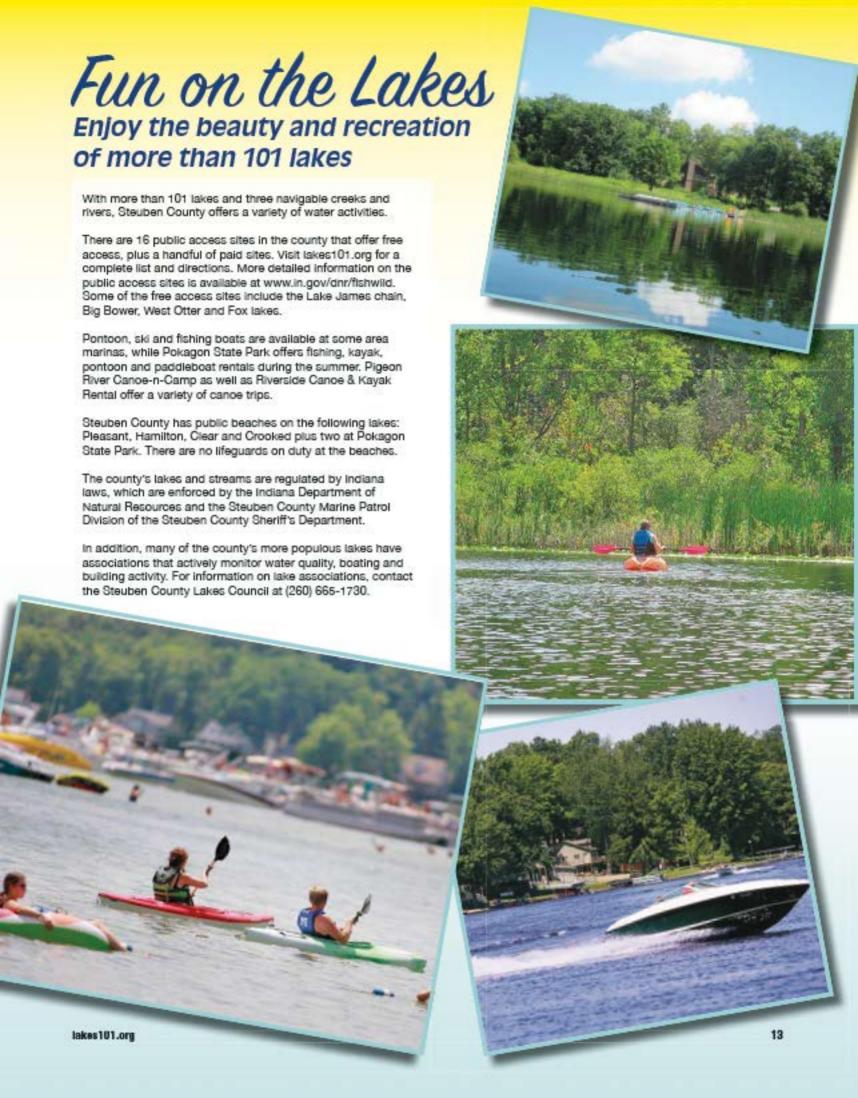

Lake James, Clear and Fox Lake are top perch picks.

Trou

Lake Gage annually is stocked with rainbow trout. This has been a Steuben County favorite for years. The Pigeon River also is annually stocked with trout. The stream season opens on the last Saturday in April and runs until the end of the year.

For a complete list of seasons and fishing regulations, be sure to check out the annual Indiana Fishing Regulation Guide. The guide and additional information on fishing can be found at the IDNR, Division of Fish and Wildlife home page, www.in.gov/dnr

Natural Wonders The beauty of lakes country abounds

Wing Haven Nature Preserve, part of the nonprofit organization ACRES Land Trust, is open to outdoor enthusiasts daily. A historic log building on the site where local artist Helen Swenson housed her art studio is open for special events.

One of 16 ACRES preserves in Steuben County, Wing Haven is ideal for hiking, birding, nature study and photography. Located off State Road 127 at 180 W. 400 N., Wing Haven has glacially carved kettle lakes and a wetland fen system.

The following preserves are open daily, dawn to dusk, for hiking:

Marion's Woods, ACRES' newest area preserve, is nestled between residential neighborhoods in Angola. A half-mile trail loops through a mature woods of oak, hickory and black cherry. The preserve is located at 805 Calvary Lane.

Adjacent to Pokagon State Park, Beechwood Nature Reserve is located near Little Otter Lake at 5145 N. State Road 127 in Fremont. It has a mixture of lakes country habitats, including a beech-maple forest, rolling meadows and a fen. A good choice for a longer hike, the nearly two miles of rolling trails connect to Pokagon's trail system. Two other small preserves, Foster and Majneri Nature Preserves, are also accessible from Beechwood.

High ridges of woodland surround a small glacial lake at Ropchan Memorial Nature Preserve. Located two miles east of Orland at 6830 N. 750 W., the 1.5 mile trail skirts a low wetland area and has a variety of birds and wildflowers.

Similarly-named Ropchan Wildlife Refuge is south of Fremont at 4990 N. State Road 827. The 3.5 miles of trails travel through an oak-hickory forest, fields in different stages of succession and the wetlands surrounding Cemetery Lake. The wildlife and birds are as varied as the habitat.

The Brammall Nature Preserve features portions of Pigeon Lake and Pigeon Creek and all of Pigeon Pond. Located east of Angola at 2630 E. U.S. Highway 20, the preserve's 1.5 miles of trails pass through rolling meadows and wetland forests. There are opportunities to spot wildlife such as white tailed deer and wild turkeys. The adjacent Richard Bruner nature preserve is accessible by cance.

Hamilton has two ACRES preserves. With a panoramic view of Ball Lake, Robb Hidden Canyon Nature Preserve has a steep-sided ravine with a clear stream running through it, almost two miles of trails and a variety of birds and wildflowers. The preserve is located at 425 Lane 201 Ball Lake. On the north side of the lake, explore Ball Lake Nature Preserve at 180 Lane 101 Ball Lake. It features a low wetland forest with marsh marigold and skunk cabbage along the quarter mile trail.

Wing Haven and other ACRES nature preserves are listed with maps and directions at www.acreslandtrust.org/preserves.

Other areas that are ideal for hiking include the Pigeon River State Fish & Wildlife Area located south of Orland and south of State Road 120, west of State Road 327 North on County Road 300 North.

The Anspaugh Wildlife Habitat Trust Area is open to the public on a limited basis. The 80-acre tract on Loon Lake south of County Road 100 North west of Loon Lake public access off Landis Road includes lowland woods, wet meadows, shrub wetlands and lake frontage.

The Clear Lake Township Land Conservancy has a variety of properties around the lake. For more information, visit www.clearlakeconservancy.org

Vistula Park, located in back of the Fremont Public Library off State Road 120, features 56 acres, with nearly half in a natural state. There's a 10-foot wide paved trail which meanders through a high-quality woodland and wetland complex. Picnic tables are provided.

The 2.1 mile Fish Creek Trail in Hamilton is accessed on the south side of Bellefountaine Road, across from Gnagy Park.

Historic Places

The heritage and history of this area

For 101 years, visitors to Steuben County have been greeted by the Soldiers' Monument in downtown Angola. Built in 1917, the monument commemorates the men who fought in the Civil War.

Columbia, the heroic-sized figure that stands atop the 70-foot-high monument, can be seen holding a flag and a wreath of peace. The four lower statues represent the four branches of service and are known as Infantryman at Parade Rest, Cavalryman, Artilleryman and Sailor.

A conglomeration of architectural styles, the Old Steuben County Jail is also included in the National Register. The brick and concrete structure, completed in 1877, cost \$21,144 to build and housed the jail, sheriff's residence and office. At one time, four-star General Lewis B. Hershey resided in the old jail with his father, the sheriff.

One of five Steuben County buildings listed in the National Register of Historic Places, the Steuben County Courthouse is located on the southeast side of the public square in Angola, the county seat. Built in 1868, the brick structure with ornamental brackets under the cornice is trimmed in dark green ivy in the summer.

Located at 313 E. Maumee St. in Angola, the Cline Memorial House Museum is a memorial to Cyrus and Jennie Cline.

The museum is open Sundays from 2 to 4 p.m. Memorial Day through Labor Day. Call the Steuben County Historical Society at (260) 833-9852 for information.

Powers Church is located 1/4 mile north of U.S. Highway 20, nine miles east of Angola on Old Road 1. The church was built in 1876 and regular services were held there until the 1920s. Renovations began in 1976 and the church now features original oak and butternut woodwork, kerosene lamps and an original pump organ. Summer services are still being held.

Built in 1877, the Collins Schoolhouse housed students in grades one through eight with one teacher until 1943. Located on State Road 120 between Fremont and Orland, the school is open Sundays from 2 to 5 p.m. June through August. Call Sharridee Collins at (260) 667-7216 for more information. Group tours are available by appointment.

The Chapel in the Garden, located behind the First Congregational United Church of Christ, 314 W. Maumee St., Angola, was constructed in 1949. More than 12,000 couples were married there in the 1950s. It seats 16 people and is still used today for weddings. Call (260) 665-9362 for more information.
